

Alzheimer's and Dementia Care Network 2017 Summer Educational Work Shop

The Alzheimer's and Dementia Care Network is a Free Education and Support Network for those whose lives are affected by Alzheimer's disease and related dementias. We will be hosting a four week workshop summer series. This workshop is free and open to the public. RSVP is requested to ensure enough space is provided. Please call (609)391-6348 for questions and to reserve a spot. Attendance at all workshops is not required to attend, however it is helpful as each topic builds upon the previous session.

Workshops are being held at
United Methodist Communities, The Shores; 2201 Bay Ave, Ocean City.
