

1 Secondly, the Board has two responsibilities under the heading of Campus Ministry: 1) Partnering with and  
2 accountable for the existing campus ministries, and 2) Connecting with and assist to the starting-up campus  
3 ministries of the GNJAC.

4 With this regard, there are four existing campus ministries that the conference has been supporting in  
5 consistent and persistent basis. They are:

- 6 1. Centenary College
- 7 2. Rockland County Community College
- 8 3. Wesley Foundation at Princeton
- 9 4. The FeedTruck Ministry (covering Mercer County colleges).

10

11 And in 2015, the Board was able to publicize and implement seven grants to our local churches and their  
12 endeavors to doing campus ministries. They are:

- 13 1. First UMS Glassboro (Rowan University area): Tavern Theology
- 14 2. Grace Korean UMC (William Patterson University area): College Outreach
- 15 3. Monmouth Grace UMC (Monmouth University area): Race Matters
- 16 4. First UMC of Mt. Holly (Bergen County Community College area): Art with a Heart
- 17 5. Christ UMC Piscataway (Rutgers University area): Methodist Muffin Ministry
- 18 6. Princeton UMC (Princeton University area): Café Ministry
- 19 7. Christ UMC Lakewood (Georgian Court University area): Beyond the Great Divide – Bridging  
20 Opportunity

21

22 This is a strategic plan, aligned with the GNJAC mission and the 2018 objectives. The objective #2 indicates,  
23 “Start 90 new faith communities,” and objectives #5 asserts, “Increase the number of young adults in small  
24 groups from 2,820 to 3,200.”

25 The members of the Board of Higher Education and Campus Ministry promise to continue our support  
26 to the U.M. colleges students and campus ministries of the Greater New Jersey Annual Conference by doing  
27 ministry more innovatively, and most of all, more prayerfully. So, the Board asks you to please join in this great  
28 ministry with your care, love, and prayers!

29 Respectfully submitted by  
30 Hyun-Bo Shim, on behalf of the Board of HE and CM members

33 **Episcopacy Committee**

---

34

35 The Episcopacy Committee has met regularly with our Bishop during the past year for the purpose of support,  
36 encouragement, communication of conference priorities, and to provide feedback where solicited. We  
37 have participated in an evaluation of the Bishop, discussed matters related to the Jurisdictional Committee on  
38 Episcopacy, and assured that the Episcopal residence is in excellent condition. At each meeting the Bishop has  
39 issued, and we have discussed, a detailed report of his work in the conference. He has been thoroughly  
40 transparent and collegial in all of our discussions and we well know that he greatly values the shared ministry of  
41 all laity and clergy in the conference.

42 Respectfully submitted,

43
